Bass Clarinet	Open case, Parts of the Instrument/Assembly	https://youtu.be/Da2KXnhNak	"brand name facing up case on the floor" latches - how to navigate parts of the instrument - basic (mouthpiece, reed, ligature, joints, bell, stand)
Bass Clarinet	Assemble mouthpiece/reed/ligature/reed	https://youtu.be/VDqppYw_Hkq	"start with nothing assembled" how to remove the reed from the case" how to handle the reed - don't touch the tip, which side is front/back, hold in middle of reed how to soak the reed - tip side in mouth, soak for 30 seconds, it might taste weird how to assemble the neck and mouthpiece (no ligature) how to put the ligature on, screws always pointing to the right, inserted vs. non-
Bass Clarinet	Embouchure	https://youtu.be/wMhcdWtmDY	definition of embouchure "how to form basic embouchure away from the clarinet, maybe using thumb" - cover bottom teeth with your lip, place thumb nail on bottom lip, upper teeth on pad of thumb, close corners of mouth how to form embouchure on mouthpiece - neck: don't squeeze bottom lip against reed; correct angle of small instrument; reminder about posture"
Bass Clarinet	Tonguing	https://youtu.be/v_bbt5XtzB8	definition: practice reading "whisper air" through the small instrument "what is tonguing? what happens - tongue touches reed, where points of contact are, etc. tonguing syllables ("see" or "one") - away from instrument" tonguing 2 half notes tonguing 4 quarter notes tonguing "later notes (8th notes)"
Bass Clarinet	Hand and Playing Position	https://youtu.be/vK2kq-OjBko	"reminder about posture, sitting in chair left hand on top, right hand on bottom" right hand - thumb and 3 finger keys, fingers are curved" left hand - angle of thumb & 3 finger keys, fingers are curved" "practice exercises - moving fingers up and down in order, anchor placed in mouth (playing position without playing) bringing the instrument into playing position/address angle"
Bass Clarinet	First notes (C,D,E,FG)	https://youtu.be/mrcloceuoq	independent from other "First 3 notes" video - based on teacher choice reminders about left & right hand positions fingering for E: quick embouchure reminders, air not too fast, reminder to tongue each note demonstrate sound a few times "fingering for D - reminders & demo" fingering for C - reminders & demo" simple exercises - ED, DC, CDE, etc. demonstrate the full song (slowly)
Bass Clarinet	Hot Cross Buns (E, D, C)	https://youtu.be/vR7d4M2xAw	we are going to use the notes E, D, & C; reminder about fingerings 1st segment - EDC, each note is tongued; practice multiple times 3rd segment (one a penny...) - CCCC DDDD" 1st half of song, then 2nd half, then full song

Bass Clarinet	Swabbing out/dissassembly/storage	https://youtu.be/FYkRkqz98	It's important to swab out and disassemble at the end of every practice session why we swab out - protect pads, get rid of moisture (no water should ever come into contact with instrument) what a swab looks like - point out weighted end, flatten out before using how to swab through instrument & how to grip instrument while swabbing
Bassoon	Open case, Parts of the Instrument	https://youtu.be/xamhd1G1LCo	brand name facing up side on the floor "slices" - how to navigate parts of the instrument - basic (reed, bocal, joints, crutch, strap)
Bassoon	Assembly	https://youtu.be/G9k-VvEV3M	how to take instrument out of case/where to hold/what to avoid "how to insert reed" "how to assemble joints"
Bassoon	Embouchure	https://youtu.be/d4WeyrUjhd	definition of embouchure use reed only "shape of lips" where reed is placed if you're having trouble making this type of sound, ask your teacher to help you
Bassoon	Tonguing	https://youtu.be/nO7Zs77Pdo	define tonguing practice tonguing without instrument using air and correct embouchure explain what syllable to use when tonguing "explain where tongue should hit in the mouth" tonguing 2 half notes tonguing 4 quarter notes tonguing faster notes (8th notes)
Bassoon	Hand and Playing Position	https://youtu.be/Dodo4XRw3c	address posture step by step with each finger on each hand explain what part of the finger touches the key (finger pad) "keep relaxed hands" bringing instrument to playing position/address angle
Bassoon	First 3 notes (E, D, C)	https://youtu.be/Ac2TOLjgmI	review fingerings one note at a time play each note "explain finger transitions between notes" address quick finger transitions"
Bassoon	First 3 notes (D, C, Bb)	https://youtu.be/SyrOfI_xmww	review fingerings one note at a time play each note "explain finger transitions between notes" address quick finger transitions"
Bassoon	Hot Cross Buns (D, C, Bb)	https://youtu.be/77X1Avo1JA	"demonstrate the full song (slowly)" we are going to use the notes D, C, Bb; reminder about fingerings: 1st segment = DCBb, each note is tongued; practice multiple times! 3rd segment (one a penny, J) = EbBbBbBb CCCC 1st half of song, then 2nd half, then full song play through song; metronome 108BPM
Bassoon	Swabbing out/dissassembly/storage	https://youtu.be/3vo5qTC9BA	explain what is needed to clean demonstrate/explain how to clean inside of each joint/carefully disassemble emphasize water does not come near the instrument show areas to avoid when taking instrument apart put back in case, if case isn't closing easily, don't force it! check and try again. store in a safe place
Brass	Breathing for Brass	https://youtu.be/Pz3T8_7k_I	
Cello	Instrument Demonstration	https://youtu.be/T4Hmat3wmQ	show the cello play something on the cello
Cello	Preparing your practice space	https://youtu.be/aVPHOpQJU	where is a safe place to practice? do you have good posture? do you have enough room?
Cello	unpacking your instrument	https://youtu.be/OdAmwflP2U	case being correctly - how to know which direction case on floor batches/zippers/squeeze thing (cloth case vs. hard case) how to take instrument out safely/keep bow in the case at this time how to pack up instrument in case (cloth vs. hard case)
Cello	parts of the instrument	https://youtu.be/Pd18B39K	name and show where the different instrument parts are pegs, fingerboard, bridge, shoulder, chinrest, tailpiece, fine tuners, end pin, strings, neck, scroll, f-holes, nut What are the open strings
Cello	Instrument Care	https://youtu.be/KfpErcsq4AQ	where to keep your instrument safely wiping down your instrument with your cloth don't leave it in a car do not let siblings touch it
Cello	Tuning with Fine Tuners Using a Tuner	https://youtu.be/DL2isu9WU	how do fine tuners work? slightly out of tune vs. super out of tune how to hold your instrument while tuning which direction to move your fine tuner
Cello	Tuning with Pegs using a Tuner	https://youtu.be/-MQJL47piug	how do pegs work when to use the pegs how to hold your instrument while using pegs which direction to turn your pegs
Cello	End Pin	https://youtu.be/1_ZpXcROkkk	what is the end pin? how do you take out/set up an end pin? how do you know what end pin length is good for you? what do you do if the end pin or screw comes all the way out?
Cello	Preparing the Bow	https://youtu.be/Vh5opuQKdLw	how to take the bow out of the case parts of the bow bow care (don't touch the bow hair) tightening / loosening the bow rosin and how much to use
Cello	Notes on D/A String	https://youtu.be/DoT1u1nrvYQ	what are the notes on the D string what are the notes on the A string finger placement, what it feels and looks like

Cello	Hand Coordination	https://youtu.be/odybQgmX2D4	how to bow while placing left hand fingers down how to place your fingers down (making sure they press down hard enough) Hot Cross Buns or Mary Had a Little Lamb to demonstrate
Cello	Posture and Hand Position	https://youtu.be/82pQgnR7Zc	rest position body position left arm position
Cello	Bow Hold	https://youtu.be/evq03uh0NM	teaching the bow hold to a 10 year old bow hold at the frog with correct thumb placement pinky placement curved fingers
Cello	Left Hand/Arm position	https://youtu.be/DUibZ7M7yuQ	setting up the left hand where does your left hand thumb go what is your left hand shape left elbow up and around and fingers hovered
Clarinet	Beginner Play-Along Series: "America The Beautiful" for Clarinet	https://youtu.be/vNek0b3rnjg	
Clarinet	How to Produce a Beautiful Clarinet Tone: Embouchure	https://youtu.be/VAwHFPb71KI	definition of embouchure how to form basic embouchure (away from the clarinet, maybe using thumb) - cover bottom teeth with your lip, place thumbnail on bottom lip, upper teeth on pad of thumb, close corners of mouth "how to form embouchure on mouthpiece + barrel" - don't squeeze bottom lip against reed; correct angle of small instrument; reminder about posture optional - practice sending "whisper air" through the small
Clarinet	How to Produce a Beautiful Clarinet Tone: Air Support	https://youtu.be/esQqWwR0TQ	
Clarinet	How to Produce a Beautiful Clarinet Tone: Tongue Position	https://youtu.be/QWWAWw84pTY	
Clarinet	How to Tongue on Clarinet, Part 1	https://youtu.be/ebcvD-SiPS0	what is tonguing? what happens - tongue touches reed, where points of contact are, etc. tonguing syllable ("tee" or "dee") - away from instrument tonguing 2 half notes "tonguing" 4 quarter notes tonguing faster notes (8th notes)
Clarinet	How to Tongue on Clarinet, Part 2	https://youtu.be/hVcCZ0X4w	
Clarinet	How to Tongue on the Clarinet, Part 3	https://youtu.be/3tymy5_JV4	
Clarinet	Beginning Clarinet Series: How to Hold the Clarinet	https://youtu.be/vEanhu06LM	reminder about posture, sitting in chair left hand on top, right hand on bottom right hand - thumb and 3 finger holes, fingers are curved, how to cover holes (don't squeeze) left hand - angle of thumb & 3 finger holes, fingers are curved, how to cover holes (don't squeeze) practice exercises - moving fingers up and down in order, anchor clarinet in mouth (playing position without playing)
Clarinet	Beginning Clarinet Series: Clarinet Hand Position, Exercise 1	https://youtu.be/vnJHw0Wou4	
Clarinet	Beginning Clarinet Series: Clarinet Hand Position, Exercise 2	https://youtu.be/mzqc3nBK-GY	
Clarinet	How to Put the Reed on a Clarinet	https://youtu.be/qPhXmGQAC8	
Clarinet	Assemble mouthpiece	https://youtu.be/972iV3kQ7Zc	
Clarinet	How to Swab Your Clarinet	https://youtu.be/PyBdg8la0	"It's important to swab out and disassemble at the end of every practice session why we swab out - protect pads, get rid of moisture (no water should ever come into contact with instrument) what a swab looks like - point out weighted end, flatten out before using "how to swab through instrument (insert through bell end first) & how to grip instrument while swabbing"
Clarinet	Going Over the Break on Clarinet	https://youtu.be/cne_RiAqndU	
Clarinet	Going Over the Break on Clarinet, Part 2	https://youtu.be/Ha6Jm-DXenc	
Clarinet	First Three Notes (E, D, C)	https://youtu.be/4hYf6CRyTY	independent from other "First 3 notes" video - based on teacher choice reminders about left & right hand positions fingering for E, quick embouchure reminders, air not too fast, reminder to tongue each note demonstrate sound a few times "fingering for D + reminders & demo fingering for C + reminders & demo simple exercises - ED, DC, CDE, etc."
Clarinet	First Three Notes (D, F, G)	https://youtu.be/FXaWGPYbHJM	independent from other "First 3 notes" video - based on teacher choice reminders about left & right hand positions fingering for F, quick embouchure reminders, air not too fast, reminder to tongue each note demonstrate sound a few times fingering for F + reminders & demo fingering for G + reminders & demo simple exercises - EF, FG, EFG, etc."

Clarinet	Hot Cross Buns (E, D, C)	https://youtu.be/QB0sWAZCa	demonstrate the full song (slowly) we are going to use the notes E, D, & C; reminder about fingerings 1st segment = EDC, each note is tongued; practice multiple times 3rd segment (one a penny...) = CCCC DDDD 1st half of song, then 2nd half, then full song
Clarinet	Assembly	https://youtu.be/RhrKJo67QI	"assume mouthpiece, barrel, & reed are already assembled) place the small instrument safely in the case or to the side of case, how to carefully put on mouthpiece cap" keep the case on the floor (reminder) how to correct the upper & lower joints - bridge key, use only small twists, how to apply cork grease (if when to apply) how to connect the bell how to connect the body of the instrument to the small
Clarinet	Disassembly	https://youtu.be/510myb8G5V8	
Euphonium	Open case, Parts of the Instrument	https://youtu.be/Ys6KcmX4rdI	which side of the case is "up," brand name/logo facing up keep case on floor atches - how to navigate, look out for a possible extra one on the side opposite the bell parts of the instrument - basic (bell, valves, leadpipe, mouthpiece, water key)
Euphonium	Embouchure, Buzzing	https://youtu.be/6o1hZVp1T8g	definition of embouchure how to form basic embouchure (away from the mouthpiece) - lick your lips, keep corners firm and back, posture & air reminders shorter free buzzes longer free buzzes - reminders not to let lips push forward how to place mouthpiece on lips - centering buzzing on mouthpiece - reminders about embouchure if you're having trouble making this type of sound, ask your teacher to
Euphonium	More mouthpiece sounds & tonguing	https://youtu.be/T2mOncTomK8	"matching pitches (not too extreme with range) - draw or demonstration sirens - what they are, demonstrations, how to change pitch on mouthpieces, reminders about using air, extending the range what is tonguing? what happens - tongue touches at gumline behind teeth, where points of contact are, etc." tonguing suitable - away from instrument tonguing 2 half notes
Euphonium	Assembly, Playing position, Hand position	https://youtu.be/3D03cUP8KPo	"keep the case on the floor (reminder) how to lift the body of the instrument out of case - wh how to insert the mouthpiece - don't push it straight in, don't clap the mouthpieces with hand, small twist reminder about posture, sitting in chair left hand shape, where to place fingers, how to grip right hand position, curved fingers, using pads of fingers bringing instrument to playing position/address angle"
Euphonium	First notes D-C-Bb	https://youtu.be/nMBXmdQcSE	"independent from other "First 3 notes" video - based on teacher advice reminders about left & right hand positions, posture fingerings for D, quick embouchure reminders, reminder to tongue each note demonstrate sound a few times fingerings for C - reminders & demo" fingerings for Bb - reminders & demo simple exercises - D-C-Bb, D-C-Bb
Euphonium	First notes: Eb, F, G	https://youtu.be/VWmZ-Mq7cJ	"independent from other "First 3 notes" video - based on teacher advice reminders about left & right hand positions, posture fingerings for Eb, quick embouchure reminders, reminder to tongue each note demonstrate sound a few times" fingerings for F - reminders & demo fingerings for G - reminders & demo simple exercises - F-G, F-G, G-G, etc.
Euphonium	Hot Cross Buns (D, C, Bb)	https://youtu.be/h6pl_wXFQ2x0	"demonstrate the full song (slowly) we are going to use the notes D, C, Bb; reminder about fingerings" 1st segment = DCBb, each note is tongued; practice multiple times 3rd segment (one a penny...) = BbBbBbBb CCCC 1st half of song, then 2nd half, then full song
Euphonium	Disassembly/Storage	https://youtu.be/L_PvtoAvZ7I	"how to disassemble instrument, piece by piece, and how to store pieces back in case (final shape of cut out to shape of instrument) how to latch case closed; if case isn't closing, don't force it something is out of place" store in a safe place
Euphonium	Oiling/Emptying Water	https://youtu.be/TFcC1JWZKw	demonstration of gargling sound & how to empty water "when to oil valves how to remove a valve - only do one at a time how to apply oil how to place back in - valve notes"
Flute	How to Open Case, Parts of the Instrument	https://youtu.be/qL9Zypp8E	"brand name facing up case on the floor" atches - how to navigate "tuning rod parts of the instrument - basic (3 parts, keys, lip plate)"
Flute	Embouchure	https://youtu.be/HoEqAm3B9U	definition of embouchure "define joint only" shape of lip/aperture "where headjoint is placed on face/lip area (what that feels like) if you're having trouble making this type of sound, ask your teacher to help you"
Flute	First Sounds on Headjoint	https://youtu.be/0XWAK9SA	"how to hold headjoint setup with correct embouchure" pushing air through aperture "think about saying "poo" different sounds (lower/higher)"
Flute	Assembly	https://youtu.be/82SOGabH0	how to take instrument out of case where to hold/what to avoid "tuning up headjoint lining up foot joint" do not push head joint all the way in
Flute	Playing and Hand Position	https://youtu.be/MARbWQET7JY	"address posture step by step with each finger on each hand" "do not use Bb thumb" explain what part of the finger touches the key (finger pad) keep relaxed hands bringing instrument to playing position/address angle
Flute	First notes: D-C-Bb	https://youtu.be/D1HZ68lr94	review fingerings one note at a time play each note "explain finger transitions between notes address quick finger transitions"
Flute	First notes: F-Eb-D	https://youtu.be/GUY50bUPhns	review fingerings one note at a time "play each note explain finger transitions between notes" address quick finger transitions
Flute	Tonguing	https://youtu.be/nL6SwtD2us	"define tonguing practice tonguing without instrument using air and correct embouchure" use "too" syllable explain where tongue should hit in the mouth" "tonguing 2 half notes tonguing 4 quarter notes" tonguing faster notes (8th notes)
Flute	Hot Cross Buns (D, C, Bb)	https://youtu.be/zHAZ6JZA7n8	demonstrate the full song (slowly) we are going to use the notes D, C, Bb; reminder about fingerings 1st segment = DCBb, each note is tongued; practice multiple times 3rd segment (one a penny...) = BbBbBbBb CCCC 1st half of song, then 2nd half, then full song

Flute	Swabbing	https://youtu.be/h6pl_wXF02x0	<p>explain what is needed to clean</p> <p>demonstrate how to put cloth on rod</p> <p>demonstrate/explain how to clean inside of each joint/carefully disassemble</p> <p>emphasize water does not come near the flute</p> <p>demonstrate how to wipe outside of flute</p> <p>show areas to avoid when taking instrument apart</p> <p>put back in case if case isn't closing easily, don't force it! check and which side of the case is "up," brand name/logo facing up</p> <p>keep case on floor</p> <p>patches - how to navigate, look out for a possible extra one on the side opposite the bell</p> <p>parts of the instrument - basic (bell, rotors, leadpipe, mouthpiece, slides)</p> <p>how to identify if it's a single or double horn - what that means</p>
Horn	Open case, Parts of the Instrument	https://youtu.be/6udJMMow2qs	<p>definition of embouchure</p> <p>how to form basic embouchure (away from the mouthpiece) - lick your lips, keep corners firm and back, posture & air reminders</p> <p>shorter free buzzes</p> <p>longer free buzzes - reminders not to let lips push forward</p> <p>how to place mouthpieces on lips - centering</p> <p>buzzing on mouthpiece - reminders about embouchure</p> <p>if you're having trouble making this type of sound, ask your teacher to help</p> <p>keep the case on the floor (reminds)</p> <p>how to lift the body of the instrument out of case - where to grab</p> <p>how to insert the mouthpiece - don't push it straight in, don't clap the mouthpiece with hand, small twists</p> <p>reminder about posture, sitting in chair</p> <p>left hand shape, where to place fingers, how to grip</p> <p>right hand position, curved fingers, using pads of fingers</p> <p>bringing instrument to playing position/address angle</p>
Horn	Embouchure, Buzzing	https://youtu.be/9bSvJG3z8	<p>independent from other "first 3 notes" video - based on teacher choice</p> <p>reminders about left & right hand positions, posture</p> <p>fingering for E, quick embouchure reminders, reminder to tongue each note</p> <p>demonstrate sound a few times</p> <p>fingering for D - reminders & demo</p> <p>fingering for C - reminders & demo</p> <p>simple exercises - ED, DC, CDE, etc.</p>
Horn	Assembly, Playing position, Hand position	https://youtu.be/6udJMMow2qs https://youtu.be/sUKYouXowE	<p>demonstrate the full song (slowly)</p> <p>we are going to use the notes E, D, & C, reminder about fingerings</p> <p>1st segment - EDC, each note is tongued; practice multiple times</p> <p>3rd segment (one a penny - J) = CCCC DDDD</p> <p>1st half of song, then 2nd half, then full song</p>
Horn	First 3 notes (E, D, C)	https://youtu.be/WoagwZOTovq	<p>how to disassemble instrument, piece by piece, and how to store</p> <p>pieces back in case (match shape of cut out to shape of instrument)</p> <p>how to latch case closed; if case isn't closing, don't force it</p> <p>something is out of place!</p> <p>store in a safe place</p>
Horn	Disassembly/Storage	https://youtu.be/eE8U7p93M	<p>demonstration of gurgling sound & how to empty water when to oil rotors</p> <p>how to remove a rotor cap - only do one at a time</p> <p>how to apply oil</p> <p>how to place cap back on - twist clockwise and listen for click</p>
Horn	Oiling/Emptying Water	https://youtu.be/WoagwZOTovq	<p>definition of embouchure</p> <p>just need only</p> <p>shape of lips</p> <p>where need is placed</p> <p>if you're having trouble making this type of sound, ask your teacher to help you!</p>
Oboe	Embouchure	https://youtu.be/OHqCvYBXLw	<p>how to take instrument out of case/where to hold/what to avoid</p> <p>how to insert reed</p> <p>how to assemble joints</p>
Oboe	Assembly	https://youtu.be/2mfVfB6kQWI	<p>address posture</p> <p>step by step with each finger on each hand</p> <p>explain what part of the finger touches the key (finger pad)</p> <p>keep relaxed hands</p> <p>bringing instrument to playing position/address angle</p>

Percussion	Striking Area/Wrist Motion/RHLH Alternation Exercises	https://youtu.be/TISvR0iuUE	<p>tip</p> <p>downstrokes</p> <p>upstrokes</p> <p>basic grip reminders - back fingers, wrist motions, fulcrum intact</p>
Percussion	Types of Strokes	https://youtu.be/CNub5vovE	

Percussion	Basic Rudiment: Paradiddle	https://youtu.be/wz9TafRtBO	what is a paradiddle PARADIDDLE 1 time, then add repetitions break it down! demo slowly, then later "show off!"
Percussion	Basic Rudiment: Single Stroke Roll	https://youtu.be/xWLEnBelQZU	what is a single stroke roll break it down demo slowly, then later "show off!"
Percussion	Basic Rudiment: Open Roll	https://youtu.be/ciSNXBdZxMQ	what is an open roll break it down demo slowly, then later "show off!"
Percussion	Basic Rudiment: Flams	https://youtu.be/7wMcoXfBdM	what is a flam break it down demo slowly, then later "show off!"
Percussion	How to Hold Sticks	https://youtu.be/csl_hdR9n3e8	grip basics- finger placement, fulcrum, location on stick matched grip - both hands the same
Percussion	Proper set-up of bells	https://youtu.be/uwch9IH2K	how to adjust height how to judge correct height where to stand proper placement of music stand
Percussion	Striking Area	https://youtu.be/44uvh7CF9E	center of mallets, avoid the screws pulling the sound out of the instrument
Percussion	How to ID notes on the keyboard	https://youtu.be/6YUefblyF64	location of Cs, musical alphabet, focus in on natural notes only moving right = forward in alphabet; left = backward ask student to figure out a few examples and then reveal the correct answer
Percussion	C Scale	https://youtu.be/c_1eQIEQ1k	what is a scale say the letters while you play them reminders about grip and striking motion, pulling the sound out demo slowly, then later "show off!"
Percussion	Hot Cross Buns	https://youtu.be/AmH-FRySMmY	demonstrate the full song (slowly) we are going to use the notes D, C, Bb; show where Bb is! 1st segment = CCBb; practice multiple times 3rd segment (one a penny - j) = BbBbBb CCCC! the 1st half of song, then 2nd half, then full song play through song
Percussion	Tambourine Finger Rolls	https://youtu.be/1_MZ5a--Jc4	
Saxophone	Mouthpiece, Reed, Ligature, Neck	https://youtu.be/bsJPJwdrnQjk	
Saxophone	Opening the saxophone case	https://youtu.be/GnSW6HrFdg	brand name facing up case on the floor hatches - how to navigate parts of the instrument - basic (mouthpiece, reed, ligature, neck, body, neck strap) protect the octave key mechanism, keep plastic piece inserted
Saxophone	Assembling the saxophone	https://youtu.be/XJPC1Oz7xmM	start with nothing assembled how to remove the reed from the case how to handle the reed - don't touch the tip, which side is front/back, hold in middle of reed! how to soak the reed - tip side in mouth, soak for 30 seconds, it might taste weird! how to assemble the neck and mouthpiece (no ligature!) how to put the ligature on, screws always pointing to the right,
Saxophone	Making your first sound	https://youtu.be/KVDQFPonFw	definition of embouchure how to form basic embouchure (away from the sax, maybe using thumb) - cover bottom teeth with your lip, place thumbnail on bottom lip, upper teeth on pad of thumb, close corners of mouth how to form embouchure on mouthpieces + reed; don't squeeze bottom lip against reed; correct angle of small instrument; reminder about posture! optional - practice sending "whisper air" through the small instrument
Saxophone	Playing your first three notes	https://youtu.be/1nL15zqw1V0	"independent from other "First 3 notes" video - based on teacher notes reminders about left & right hand positions"
Saxophone	Hand and Playing Position	https://youtu.be/3fKVaJOOTQc	
Saxophone	Posture	https://youtu.be/f1uZQBFouo	
Saxophone	First Three Notes (CDE)	https://youtu.be/FBqA_yuKF5g	
Saxophone	Hot Cross Buns	https://youtu.be/SGLcV105Y	
Saxophone	Introduction to tonguing	https://youtu.be/qVyo9wz1hdQ	what is tonguing? what happens - tongue touches reed, where points of contact are, etc. tonguing syllable ("ee" or "dee") - away from instrument tonguing 2 half notes tonguing 4 quarter notes tonguing faster notes (8th notes)

Saxophone	Disassembly	https://youtu.be/7AZ09duKVE	
String Bass	Instrument Demonstration	https://youtu.be/ez9Qcswd0	show the bass play something on the bass
String Bass	unpacking your instrument	https://youtu.be/4hw_AHGHRM	case facing correctly - how to know which direction case on floor latches/open/squeeze thing/cloth case vs. hard case how to take instrument out safely/keep bow in the case at this time how to pack up instrument in case (cloth vs. hard case)
String Bass	Preparing your practice space	https://youtu.be/Z3Nj6vKXwM	where is a safe place to practice? do you have good posture? do you have enough room?
String Bass	parts of the instrument	https://youtu.be/NpbwotRA6w	name and show where the different instrument parts are pegs, fingerboard, bridge, shoulder, chin rest, tailpiece, fine tuners, end pin, strings, neck, scroll, f holes, nut What are the open strings?
String Bass	Tuning with Pegs using a Tuner	https://youtu.be/vOyOZ5_XbQ	how do pegs work when to use the pegs how to hold your instrument while using pegs which direction to turn your pegs
String Bass	End Pin	https://youtu.be/Q5dO3w8aJ4c	what is the end pin? how do you take out/set up an end pin? how do you know what end pin length is good for you? what do you do if the end pin or screw comes all the way out?
String Bass	How to Hold your Instrument	https://youtu.be/ONBRB8wQI_30	rest position body position left arm position
String Bass	Bow Hold (FRENCH)	https://youtu.be/9nki2WsmAQ	teaching the bow hold to a 10 year old bow hold at the frog with correct thumb placement pinkie placement curved fingers
String Bass	Bow Hold (GERMAN)	https://youtu.be/6r9AraFz20	teaching the bow hold to a 10 year old bow hold at the frog with correct thumb placement pinkie placement curved fingers
String Bass	Using the left hand	https://youtu.be/V4J4QKWGbQ	setting up the left hand where does your left hand thumb go what is your left hand shape straight wrist
String Bass	Notes on D String	https://youtu.be/uh6n5QJba0	what are the notes on the D string what are the notes on the A string finger placement, what it feels and looks like
String Bass	Notes on G String	https://youtu.be/4h4Y?x=JuzO	what are the notes on the D string what are the notes on the A string finger placement, what it feels and looks like
Trombone	Open case, Parts of the Instrument	https://youtu.be/6OjDYahE	brand name facing up keep case on the floor latches - how to navigate pips, buttons, strips, etc. unscrewing bell section parts of the instrument - basic (bell, slide, leadpipe, mouthpiece, water key)
Trombone	Embouchure, Buzzing	https://youtu.be/lmf4PoMo	definition of embouchure how to form basic embouchure (away from the mouthpiece) - lick your lips, keep corners firm and back, posture & air reminders "shorter free buzzes" longer free buzzes - reminders not to let lips push forward" how to place mouthpiece on lips - centering buzzing on mouthpiece - reminders about embouchure if you're having trouble making this type of sound, ask your teacher to
Trombone	More mouthpiece sounds & tonguing	https://youtu.be/Y33Vp6XR04	"matching pitches (not too extreme with range) - drone or demonstration sirens - what they are, demonstrations, how to change pitch on mouthpiece, reminders about using air, extending the range" "what is tonguing?" "what happens - tongue touches at gumline behind teeth, where points of contact are, etc." tonguing syllable - away from instrument" tonguing 2 half notes
Trombone	Assembly, Playing position, Hand position	https://youtu.be/chZeyENU	keep the case on the floor (reminder) how to lift the pieces of the instrument out of case - where to grab slide lock - where it's located, how to close the lock "how to connect the slide & bell joints - 90-degree angle, bell position in relation to slide how to insert the mouthpiece - don't push it straight in, don't clap the mouthpiece with hand, small twists" "reminder about posture, sitting in chair"
Trombone	First notes: D-C-Bb	https://youtu.be/n3_rCM4U	independent from other "First 3 notes" video - based on teacher choice reminders about left & right hand positions, posture position for D, quick embouchure reminders, reminder to tongue each note demonstrate sound a few times "position for C - reminders & demo" "position for Bb - reminders & demo" simple exercises - DC, C Bb, DCBb, etc.
Trombone	First notes: D-Eb-F	https://youtu.be/ZYt6TKuoc	independent from other "First 3 notes" video - based on teacher choice reminders about left & right hand positions, posture" "position for D, quick embouchure reminders, reminder to tongue each note demonstrate sound a few times "position for Eb - reminders & demo" "position for F - reminders & demo" simple exercises - DEB, EbF, EbFb, etc.
Trombone	Hot Cross Buns (D, C, Bb)	https://youtu.be/lmf4PoMo	demonstrate the full song (short) we are going to use the notes D, C, & Bb; reminder about fingerings 1st segment - DCBb, each note is tongued; practice multiple times 3rd segment (one a penny - J) - BbBbBb-CCDC" 1st half of song, then 2nd half, then full song
Trombone	Disassembly/Storage	https://youtu.be/f-n0SFZ3KFU	how to disassemble instrument, piece by piece, and how to store pieces back in case (mat ch shape of out to shape of instrument) how to latch case closed; if case isn't closing, don't force it (something is out of place) store in a safe place

Trombone	Oiling	https://youtu.be/vmvA9Kvvg	How to oil the instrument
Trombone	Emptying Water	https://youtu.be/qKvJzqLrNk	Demonstration of gargling sound & how to empty water when to oil slide how to apply oil - different types, listen to your teacher's recommendation how to work the oil in
Trombone	Trombone-Warm-Up and Fundamentals	https://youtu.be/EyU5dxPvK	
Trombone	Articulation Clarity on the Trombone	https://youtu.be/kJfwwPWzCl	
Trombone	Cleaning the Trombone	https://youtu.be/me6ZHFUwJE	
Trumpet	Open case, Parts of the Instrument	https://youtu.be/RF6-ZbOVMc	"Which side of the case is "up," brand name/logo facing up keep case on floor" atches - how to navigate, look out for a possible extra one on the side opposite the bell parts of the instrument - basic (bell, valves, leadpipe, mouthpiece, slides)
Trumpet	Embouchure, Buzzing	https://youtu.be/Kkpx6Fvypw	definition of embouchure how to form basic-embouchure (away from the mouthpiece) - lick your lips, keep corners firm and back, posture & air reminders shorter free buzzes longer free buzzes - reminders not to let lips push forward how to place mouthpiece on lips - centering buzzing on mouthpiece - reminders about embouchure if you're having trouble making this type of sound, ask your teacher to
Trumpet	More mouthpiece sounds & tonguing	https://youtu.be/Sm4MzS3H-q	matching pitches (not too extreme with range) - drone or demonstration sirens - what they are, demonstrations, how to change pitch on mouthpiece, reminders about using air, extending the range what is tonguing? what happens - tongue touches at gumline behind teeth, where points of contact are, etc. tonguing syllable - away from instrument tonguing 2 half notes tonguing 4 quarter notes
Trumpet	Assembly, Playing position, Hand position	https://youtu.be/1E2VW2yI	keep the case on the floor (reminder) how to lift the body of the instrument out of case - where to grab how to insert the mouthpiece - don't push it straight in, don't clap the mouthpiece with hand, small twist reminder about posture, sitting in chair left hand shape, where to place fingers, how to grip right hand position, curved fingers, using pads of fingers bringing instrument to playing position/address angle
Trumpet	First 3 notes: (E, D, C)	https://youtu.be/hBTw-YoY-s	independent from other "First 3 notes" video - based on teacher choice reminders about left & right hand positions, posture fingering for E, quick embouchure reminders, reminder to tongue each note demonstrate sound a few times fingering for D - reminders & demo fingering for C - reminders & demo simple exercises - ED, DC, CDE, etc.
Trumpet	First 3 notes (E, F, G)	https://youtu.be/9XONoz905hM	independent from other "First 3 notes" video - based on teacher choice reminders about left & right hand positions, posture fingering for E, quick embouchure reminders, reminder to tongue each note demonstrate sound a few times fingering for F - reminders & demo fingering for G - reminders & demo simple exercises - EF, FG, EFG, etc.
Trumpet	Hot Cross Buns (E, D, C)	https://youtu.be/kKpx6Fvypw	demonstrate the full song (slowly) we are going to use the notes E, D, & C; reminder about fingerings 1st segment - EDC, each note is tongued; practice multiple times 3rd segment (one a penny...) = CCCC DDDD 1st half of song, then 2nd half, then full song
Trumpet	Disassembly/Storage	https://youtu.be/qKvJzqLrNk	how to disassemble instrument, piece by piece, and how to store pieces back in case (match shape of out to shape of instrument) how to latch case closed; if case isn't closing, don't force it something is out of place? store in a safe place
Trumpet	Oiling/Emptying Water	https://youtu.be/Zn0FaudDeA	Demonstration of gargling sound & how to empty water when to oil valves how to remove a valve - only do one at a time how to apply oil how to place back in - twist clockwise and listen for click
Tuba	Open case, Parts of the Instrument	https://youtu.be/9ihdVM0bhY	"Which side of the case is "up," brand name/logo facing up keep case on floor" atches - how to navigate, look out for a possible extra one on the side opposite the bell parts of the instrument - basic (bell, valves, leadpipe, mouthpiece, water key)
Tuba	Embouchure, Buzzing	https://youtu.be/knHbU2dbsq	definition of embouchure how to form basic-embouchure (away from the mouthpiece) - lick your lips, keep corners firm and back, posture & air reminders shorter free buzzes longer free buzzes - reminders not to let lips push forward how to place mouthpiece on lips - centering buzzing on mouthpiece - reminders about embouchure if you're having trouble making this type of sound, ask your teacher to
Tuba	More mouthpiece sounds & tonguing	https://youtu.be/w_S-y3mWw	matching pitches (not too extreme with range) - drone or demonstration sirens - what they are, demonstrations, how to change pitch on mouthpiece, reminders about using air, extending the range what is tonguing? what happens - tongue touches at gumline behind teeth, where points of contact are, etc. tonguing syllable - away from instrument tonguing 2 half notes
Tuba	Assembly, Playing position, Hand position	https://youtu.be/9ihdVM0bhY	keep the case on the floor (reminder) how to lift the body of the instrument out of case - where to grab how to insert the mouthpiece - don't push it straight in, don't clap the mouthpiece with hand, small twist reminder about posture, sitting in chair left hand shape, where to place fingers, how to grip right hand position, curved fingers, using pads of fingers bringing instrument to playing position/address angle
Tuba	First notes: D-C-Bb	https://youtu.be/3dRrH4N2Y	independent from other "First 3 notes" video - based on teacher choice reminders about left & right hand positions, posture fingering for D, quick embouchure reminders, reminder to tongue each note demonstrate sound a few times fingering for C - reminders & demo fingering for Bb - reminders & demo simple exercises - DC, CCB, DCBb
Tuba	First notes: Eb, F, G	https://youtu.be/BUgEiWNTerU	independent from other "First 3 notes" video - based on teacher choice reminders about left & right hand positions, posture fingering for Eb, quick embouchure reminders, reminder to tongue each note demonstrate sound a few times fingering for F - reminders & demo fingering for G - reminders & demo simple exercises - EBF, FG, EBF G, etc.
Tuba	Hot Cross Buns (D, C, Bb)	https://youtu.be/3dRrH4N2Y	demonstrate the full song (slowly) we are going to use the notes D, C, Bb; reminder about fingerings 1st segment - DCBb, each note is tongued; practice multiple times 3rd segment (one a penny...) = BbBbBb CCCC 1st half of song, then 2nd half, then full song

Tuba	Oiling/Emptying Water	https://youtu.be/0cl_1FOJkGG	demonstration of gagging sound & how to empty water when to oil valves how to remove a valve - only do one at a time how to apply oil how to place back in - valve notch
Viola	How to Use the Bow	https://youtu.be/XNEP8aSTM	bow placement on the string move the bow in a straight line move from your elbow do you need to press down? down bow vs. up bow hitting one string at a time
